COMMUNITY RESOURCE DIRECTORY INFORMATION SHEET

INTRODUCTION

The Newark Community Resource Directory is a listing of agencies in the Newark area that offer services to youth and their families. The agencies are listed in alphabetical order, but you will have to read through the listings of agencies to determine whether or not the services you need are available.

All of the agencies listed have addresses, telephone numbers, and some have a contact person. Just reading through the directory can provide you with some knowledge of services and activities for young people in Newark. By no means is this directory meant to be a complete listing of services available to youth, but rather a document upon which to build.

The directory can be used to make referrals, find summer programs, locate alternative programs, and to locate special services.

Please call the Office of Student Support Services if you wish to add resources, or complete the form included in the directory or fax the form to our office at (973) 733-7670.

Recommended resources will be included in the next update.

Day and evening classes are conducted free of charge at various sites throughout the city and within the surrounding area. The following is a brief description of each program.

**Adult Basic Education (ABE)** is designed for persons lacking the most basic educational skills. Program instruction focuses on basic communication, computation, and work readiness, civic and everyday living skills.

**English as a Second Language (ESL)** is designed for persons with limited English language ability. Instruction is planned to prepare them in the acquisition of listening, speaking, reading and writing skills necessary to function effectively in an English-speaking environment and to enter other adult education programs.

**General Educational Development (GED) (GED-S)** is designed for persons preparing to take the Tests of General Educational Development in order to qualify for a State-issued high school diploma. Instruction focuses on subject areas covered by the GED tests, namely, writing skills, social studies, science, interpreting literature and the arts, and mathematics. Instruction is offered in English and in Spanish (GED-S). The program offered in Spanish includes preparation for an English-as-a-second-language test.

**Available Services:**
The Newark Public Schools has implemented the Newark Early College High School Initiative whose mission is “to provide college access to secondary students while in high school.

The aim, in conjunction with higher education and community partners is to successfully prepare students to continue university studies after graduation.

Commencing in grade six, the Newark Early College High School bridges the divide between high school and college by offering increasingly rigorous academic experiences in an emotionally safe and intellectually challenging environment.”

A primary goal is for the students to complete 20-60 college credits before high school graduation.

To that end, the school has partnerships that exist among the Newark Public Schools, Essex County College, Rutgers University, and NJIT with support from the Woodrow Wilson National Fellowship Foundation and the Victoria Foundation.
Available Services:
Essex County 4-H provides programs and opportunities for young people to develop leadership skills and academic interests while learning how to work as part of a team and independently. Essex County 4-H offers programs and courses during and after school hours and provides training for leaders to run their own community or school based clubs.

Programs are tailored to group and student needs and include science based curriculums, leadership training, team building, gardening, and fitness and health, just to name a few. Clubs are free of charge and program costs vary depending on the type and length of program, from one day workshops to yearlong programs.

Mission: the Academic Foundations Center provides academic opportunities, resources, and support programs primarily for underrepresented students to achieve success through education.

AFC combines strong instruction and tutorial services with the personal, financial and career counseling support necessary for academic and social advancement for students ranging from the sixth grade through college graduation. These features are integral to the success of our students. Some of the specific programs we offer are listed below along with a description of the program:

Consortium for Pre-College education and Community Outreach for Greater Newark –
This Program is collaboration among the school districts of East Orange, Irvington & Newark as well as NJIT, Rutgers-Newark, and UMDNJ. The Rutgers-Newark component, offered for 20 weeks during the academic year and 4 weeks during the summer, provides a pre-college preparation format with instruction in mathematics, science, English, computer literacy, technology, videography, and study skills. Field trips that enhance the class room content are also part of the experience.
(RUTGERS UNIVERSITY – ACADEMIC FOUNDATIONS CENTER Continued)

**Saturday Academy (SAT)**
This program is a two-semester Scholastic Aptitude Test (SAT) Review program for 11th and 12th grade public school students from Newark, Irvington, and East Orange.

The academy works with 11th and 12th grade students on critical thinking and test-taking skills in writing, reading and mathematics. Additionally, during the spring semester, 12th grade students are invited to attend college placement workshops in mathematics and essay writing. The workshops prepare students to take college entrance exams.

**Ready**
This program is a comprehensive intervention for selected Newark students to achieve academic success. Since its inception, the program has expanded its services to provide scholarship support to students successfully completing the program’s mission.

The Ready program moved its operations to Rutgers University-Newark to strengthen its support of Ready participants and to assist in the establishment of the Ready Alumni Association.

**Rutgers Future Scholars – Newark Campus**
This program on the Rutgers-Newark campus is housed within the Academic Foundations Center and introduces first-generation, low-income and academically-talented middle school students from the city of Newark, to the promise and opportunities of a college education.

The program has multiple-year components, each building on the foundation of the previous year. Prior to beginning their eighth grade year, Rutgers Future Scholars become part of a unique pre-college culture of university programming, events, academic support, and mentoring which continue throughout their high school years.

Students, who successfully complete the program and are admitted to Rutgers, will receive a scholarship covering the cost of their tuition for four years, funded through a range of grants and donations.

Available Services:
ASPIRA promotes leadership through education by offering guidance, career counseling, college placement, and assistance in obtaining financial aid for a college education.

Services are provided in: Paterson, Jersey City, Newark, Elizabeth, Long Branch, Camden, New Brunswick, Vineland, Pleasantville, and Atlantic City.

Additional Services:
The Early Intervention/Leadership Development Program: provides middle school students with: personal, academic and career counseling; goal setting; tutoring; leadership development and community service projects; life skills workshops
(substance abuse prevention, AIDS awareness, anger management, peer support, pregnancy prevention, etc.);
educational and recreational activities; and career exploration.

Dropout Prevention/Leadership Development Program: provides high school students with the services described above, as well as assistance with preparation for the SAT, the college admissions applications process and the search for financial aid.

Young Filmmaker Academy: provides an after-school enrichment program offering training to students in TV production, journalism, acting, camera work, and reporter skills.

(After school program from 3:00pm – 8:00pm).

Boxing Club: In 2008, with the guidance of the Harlem-born boxing legend, Joe Cortez, and various supporters, we opened our state-of-the-art boxing gym located on the basement level of our Administrative Headquarters in Newark. In less than two months, our gym has forty youth in the program.

Most of whom have never participated in an ASPIRA program.

The program uses boxing to get the youth engaged. From there we teach them discipline, respect and conflict resolution, so that they use boxing as a sport and not a weapon.

The participants also learn the important of physical fitness, eating healthy and abstaining from drugs and alcohol.

(After school Program from 3:00pm-8:30pm)

Music Studio: The ASPIRA Music Studio was created in order to introduce our kids to a new means of creative expression. By offering access to our newly created, full-featured studio, students are able to participate in the production process from start to finish.

Participants will learn about songwriting, audio equipment and software (including industry-standard ProTools), mixing, cover art design and much more.

The program enables young people both to express themselves creatively and to get to know career opportunities in the entertainment industry.

(After school program from 3:00 pm – 8:00 pm).

The Transitional Opportunities Program, created in 1985, is New Jersey’s progressive effort to address the needs of youth. TOP offers a comprehensive array of transitional living services utilizing a continuum-of-care model. The current TOP model encompasses levels of service ranging from Shelter care, Group Home and Supervised Transitional Living Apartments providing 24-hour on-site supervision to Independent Living, frequently the final phase before termination from program services. A central screening and intake unit provides comprehensive assessment of appropriateness for TOP and referrals to alternative services. For clients residing in a stable living arrangement, a range of in-home transitional services is provided on an outreach basis. The goal of TOP is to prepare young adults to live as independently as their abilities permit. The program is designed to provide the skills training, support, encouragement, and assistance that will enable DYFS adolescents to become healthy, self-sufficient, productive adults. TOP also has aftercare, life skills, and parenting programs. In all its services and programs, Community Access has a strong commitment to provide people with disabilities, and or special needs, the opportunity to maximize their potential in all aspects of their lives.

La Casa de Don Pedro is a non-profit, social service organization deeply rooted in the Newark, New Jersey community. Its history can be traced back to 1972 when a group of ten concerned immigrant families assembled to discuss the state of their community and the prospects for their children’s future. Today, while remaining true to its original mission to foster self-sufficiency, empowerment, and neighborhood revitalization, the organization provides a range of programs that promote healthy child development family well-being, educational achievement, social justice, employment opportunities, homeownership, financial self-sufficiency, foreclosure assistance, energy conservation, and housing development and neighborhood renewal.

Youth programs address physical, emotional, and academic development needs, ranging from parenting skills for new parents, bilingual early childhood education, while after-school programs connect youth to arts, athletics, academic enrichment, and leadership development opportunities. La Casa works closely with neighborhood schools, Newark’s art institutions, and many other community partners to carry out its work with children.

La Casa provides medical case management, nutrition, and counseling to people living with HIV/AIDS through the Ryan White Program, HIV/AIDS and STD outreach, and coordinates approximately six health fairs and preventative screenings annually through its Family Success Centers and network with area hospitals and federally qualified health centers.

Available Services:
The MHAEC is a large, multi-service agency that provides a wide range of outpatient mental health services to the residents of Essex County.

For Children: The MHAEC offers individual and group outpatient mental health treatment in their Montclair office. As of October 2011, these treatment services will include psychiatric evaluation and medication from a board certified Child psychiatrist.

The MHAEC accepts Medicaid, Medicare, Private Insurance, and uses a sliding scale to collect out of pocket fees. Through specialized arrangements with individual schools, the MHAEC provides in-school supportive counseling to students and provides supportive consultations with faculty and school personnel.

Center for Low Cost Psychotherapy is a small outpatient service that provides outpatient therapy and medication treatment to individuals with no insurance and who can’t afford private therapy.

Through its Intensive Family Support Services program, (IFSS) families with an adult with mental illness are provided with information and support.

Other adult mental health services include:
Integrated Case Management Services – a program that links adult mental health consumers with services and entitlements.
Prospect House – a partial care program for adults with severe mental illness
Collaborative Justice Services - Case Management and Support Services for individuals that are incarcerated at Essex County Correctional Facility.
Supportive Employment Services - Services that help mental health consumers obtain jobs, and return to work
Supportive Housing - Services that support mental health consumers to live independently in the community.

- **Education** that teaches parents how children develop and grow while offering positive, healthy ways to discipline.
- **Facilitating parental involvement in their child’s education and learning** so that families and schools work together to help children realize their full academic success.
- **Providing professional training and community education** to build the skills and knowledge of those who influence the lives of children.
- **Organizing community awareness events** that build the promise of prevention, and targeting services to support children in highly vulnerable families _including those headed by adolescent and incarcerated parents_

Our Nationally Recognized Programs

- **Healthy Families New Jersey – TIP**: a statewide network of more than 25 intensive, long term home visiting programs identifies and intervenes with 3,000 vulnerable families before abuse or harm ever occurs.
- **Parents as Teachers**: an early childhood program that promotes healthy child development and literacy through home visits, parents group meetings and developmental screenings.
- **The New Jersey Academy for Home Visitation Training**: Improves the quality and availability of research-based home visiting services through local service coordination and professional training.
- **The Parent Linking Program**: gives 250 teenaged-parents school-based parenting education, child care and life skills training which allows them to complete their education and grow as responsible parents.
- **Every Person Influences Children (EPIC)**: Delivers award-winning parent education, family literacy and character education programming. Ourwork has included a successful project to give incarcerated mothers strong parenting skills. EPIC reaches more than 3,000 families every year.
- **The Family Outreach Program**: Promotes academic achievement and educational equality in the state’s poorest communities. PCA-NJ oversees a network of clinical professionals supporting 600 local staff who work directly with more than 30,000 preschool-aged children’s families in Abbott school districts.
- **The New Jersey parent Information and Resource Center**: partners with high-needs school districts to involve families in their child’s education as a means to improve literacy and academic success among low-income, special needs and minority children. Last year we reached more than 25,000 families
- **During Child Abuse**: In April, we educate citizens and community leaders about their role supporting families, and we distribute more than 20,000 pinwheels, our visible pledge to happy, healthy and safe childhoods.

Our Community Education and Professional Training Services:  Provides more than 35,000 pieces of educational literature and educates more than 8,500 individuals each year.

Programs for Parents is the child care resource and referral agency which administers the child care subsidy program for eligible families in Essex County. We help you:

- Find child care
- Pay for child care
- Find parenting education workshops, classes and support groups

Other Services:

For Parents

As the Child Care and Resource Referrals Agency for Essex County, Programs for Parents offers resources, professional skills and experience to develop and implement an ever-growing range of services to meet the needs of families in our community.

For Child Care Providers

Evidence shows that the developmental needs of a child (such as academics, social, emotional and physical) require professionals who have earned credentials in their field. We have trainers to help early childhood professionals achieve certification that acknowledge their skills in early childhood development.

For Child Health Programs

Fostering children’s wellness is a primary goal at Programs for Parents. The Child Health Initiatives Department is staffed by nurses with pediatric experience. They create and implement programs that support wellness and assist child care professionals who face child health issues daily.

For Getting Child Care

Let trained counselors help you select the child care that meets your specific needs.

For Businesses

Programs for Parents can work with businesses to provide tailored referral services and counseling for their employees. To find out more about this service and how it can help a company meet its employees' child care needs please call us at 973-744-4050.

The Child Health Warmline (800-713-9006) offers statewide access to health information. The Warmline is a free, automated phone service providing childcare professionals statewide with practical, accurate information on health and behavior issues. employment counseling and referral;
educational counseling and referral;
at-risk behavior identification and counseling;
parenting, leadership and life skills training;
housing information referral;
social and recreational activities.

Population: The program is focused on young men 15-25 years old in Newark and Essex County New Jersey

The vision of Wynona's House is create an community where children are safe, families, are strong, and victims become children again, by:

Reducing the number of times a child is interviewed during the investigation phase to a single interview conducted by a specially trained interviewer in a child-friendly environment

Increasing successful prosecution through improved evidence collection, victim-witness advocacy, and partnerships with municipal law enforcement

Promoting the research and development of innovative evidence-based behavioral health treatments for children and families

Strengthening the safety net for children through community outreach, education, and prevention efforts
NJ FamilyCare provides quality free or low-cost health coverage for uninsured children 18 and younger and low-income parents. This program already covers more than a half million New Jersey children.

**What’s Covered?**
NJ FamilyCare offers full health care coverage through established Health Maintenance Organizations (HMOs) that operate throughout the state. NJ FamilyCare covers just about every health care need, including:
- doctor visits
- prescriptions
- lab tests
- x-rays
- hospitalization
- dental (for kids)
- eyeglasses
- mental health services
- specialist visits

**Who Is Eligible?**
Only children 18 and younger and certain low-income parents living in New Jersey are eligible for NJ FamilyCare. Eligibility is based on a family’s size, including children and parents, and monthly income. Assets are not considered. Parents/guardians making less than the amount indicated may not be eligible because income such as unemployment, child support and government benefits is counted differently for parents/guardians. (See the chart at right.)

**What Does it Cost?**
For many families, it costs nothing: no monthly premiums or co-payments. For families with higher monthly incomes, there is a sliding scale for small co-payments and monthly premiums may be required.

**Are There Any Restrictions?**
Pre-existing conditions do not affect eligibility. In most cases, children must have been without medical insurance for at least 3 months. Because there are exceptions, it’s a good idea to call NJ FamilyCare if you have a question.

Adult parent/guardian immigrants must have legal permanent resident status for at least five years to be eligible. For undocumented residents, their children may be eligible if born in the U.S.

**How to Find Out More**

NJ FamilyCare ofrece cobertura médica de alta calidad gratuitamente o a bajo costo para los niños no asegurados de 18 años de edad o menores, así como para padres de familia de bajos ingresos. Este programa ya cubre a más de medio millón de niños de New Jersey.

¿Qué cubre este programa?
NJ FamilyCare ofrece cobertura completa de atención médica a través de Organizaciones de Mantenimiento de la Salud (HMO, siglas en inglés) establecidas y que operan en todo el Estado.

NJ FamilyCare cubre casi todas las necesidades de atención médica, tales como:
- consultas al médico
- radiografías
- recetas
- hospitalización
- análisis de laboratorio
- lentes
- cuidado dental (para los niños)
- servicios de salud mental
- consultas a especialistas

¿Quién es elegible?
Solamente niños menores de 18 años y algunos padres de familia de bajos ingresos que viven en New Jersey son elegibles para NJ FamilyCare. La elegibilidad se basa en el tamaño de la familia, incluyendo hijos y padres, así como en el ingreso mensual. No se consideran los bienes materiales. Los padres y tutores con ingresos menores que la cantidad indicada podrían no ser elegibles debido a que el ingreso como desempleado para la pensión alimenticia y los beneficios gubernamentales se estiman en forma diferente para los padres y tutores. (Véase la tabla a la derecha).

¿Cuánto cuesta?
Para muchas familias, no cuesta nada; no hay primas mensuales ni pagos complementarios. Para las familias con ingresos mensuales más altos, hay una tabla descendente para pagos complementarios pequeños y tal vez se requieran primas mensuales.

¿Hay alguna restricción?
Las condiciones preexistentes no afectan la elegibilidad. En la mayoría de los casos, los niños tienen que haber estado sin seguro médico por lo menos durante tres meses. Debido a que hay excepciones, le recomendamos llamar a NJ FamilyCare en caso de cualquier pregunta.

El padre o la madre adulto(a)/cuidador invitamos debe tener condición legal de residente permanente durante al menos cinco años para ser elegible. Los hijos de residentes indocumentados podrían ser elegibles si nacieron en los Estados Unidos.
