- No. Polling places will not be operated, as a precaution against the spread of Covid-19. Voting will be done by mail only.

How secure is Vote by Mail?

- VERY secure!
- Every ballot has a unique barcode that is scanned once it is received.
- Your signature is checked against your signature on-record, just as it is at a polling place.
- Your signature and identifying information are separated from the ballot before your vote is entered into the system, so your voting choices remain completely anonymous.

Am I registered? What do I need to know about registration?

How do I check if I'm registered? Visit <https://voter.svrs.nj.gov/registration-check>.

What is the registration deadline? If your registration was received by Tuesday, April 21, you will be eligible to vote in the May 12 election.

When will I receive my ballot in the mail?

- Ballots must be postmarked no later than May 12 — Election Day. They must be received within 48 hours of Election Day.
- We anticipate Covid-related delays in mail service, so we advise mailing your ballot well in advance of the May 12 postmark date to be sure it is received in time to meet the 48-hour deadline.
