

Summer Assignment - 2019

Dear Student:

Next year you will advance to Art Studio II. Your summer assignment will be applied toward your cycle 1 classwork and participation grade.

Assignments are due on the first day of school in September.

- **Assignment 1** – During quarter 3 and 4 students began working on an *altered book**. Your assignment is to continue to work on your altered book to completion. If you do not have an altered book than your assignment is to make 10 new drawings in your sketchbook. Drawings should be both realistic and based on personal interests.
- **Assignment 2** – Take one of your old drawings in your sketchbook and rework it to improve. Any medium. On the back of the drawing write about your process in improving the work and making it a better piece. 25-50 words minimum.

* *An altered book is a discarded library book that is repurposed and turned into a work of art.*

Old sayings are like proverbs. They teach valuable lessons based on wisdom that comes from experience:

Practice makes perfect...

If you want something you have to work at it...

And my favorite:

Hard work beats talent when talent fails to work hard...

Have a good summer!
