

Our staff persons of the month were nominated by two different administrators.

East Side's student council would like to recognize our afternoon custodial staff supervised by Ms. Ashley Hodges. Ms. Hodges has been a wonderful addition to our staff. Her staff did a remarkable job getting our building ready for September 2019. Our building never looked cleaner with all of the demands of our three old buildings. Whatever was needed, this staff worked tirelessly to get it done. They even had time to paint the floor of our trading post which was so damaged after a massive water leak. Not only did they get it done, but with a smile on their faces. So, please when you see the crew, please congratulate and thank our afternoon custodial staff consisting of Ashley Hodges, Christopher Edgerton, Sharon Richardson, Videsh Balraj, Kevin Lopez, Scott Edwards, Jamar Jackson and Malcolm Evans for doing such an amazing job!

Thank you all for a job well.
