

Our senior of the month is Rick DaSilva. Rick was born in San Paulo, Brazil. He migrated to the USA in 2016 speaking very little English. He came to the US to live with his mom who was already residing in the States.

Rick came to East Side last year and was placed in his junior year with all Bilingual classes. As a senior, Rick has maintained a very high grade point average. He also has time for the Portuguese Club. and works part time. Rick was chosen for his extraordinary act of kindness. During classes passing, Rick saw a student shaking in a corner and in pain, without hesitation Rick picked the student up and brought them to the nurse. The student was having a seizure. These random acts of kindness are what makes East Side a better place. His empathy and compassion should be recognized and applauded. So, congratulations to Rick DaSilva for being selected as Senior of the Month.
