

**How To Conduct A Research Report using
The Big Six (by Bob Berkowitz & Mark Eisenberg)**

School Library Media – Mrs. Ameenah Brown

1. Task Definition-

What is your assignment? What information do you need in order to do it?

2. Planning Your Research

Brainstorm all the possible places you could find your information. Which of these are best for you to use?

3. Locate your information

Find the place in a book, on the web, or in the world where the information you need is located.

4. Use the Information

- Read the information
- Record the information (take notes, sketch)
- Remember to write down the sources that you used.

5. Synthesize

Take the information you have gathered and complete your assignment

6. Evaluation

Look at your project. Did you follow all the directions? Could you have done a better job?
