

## I-Search Database Work Sheet

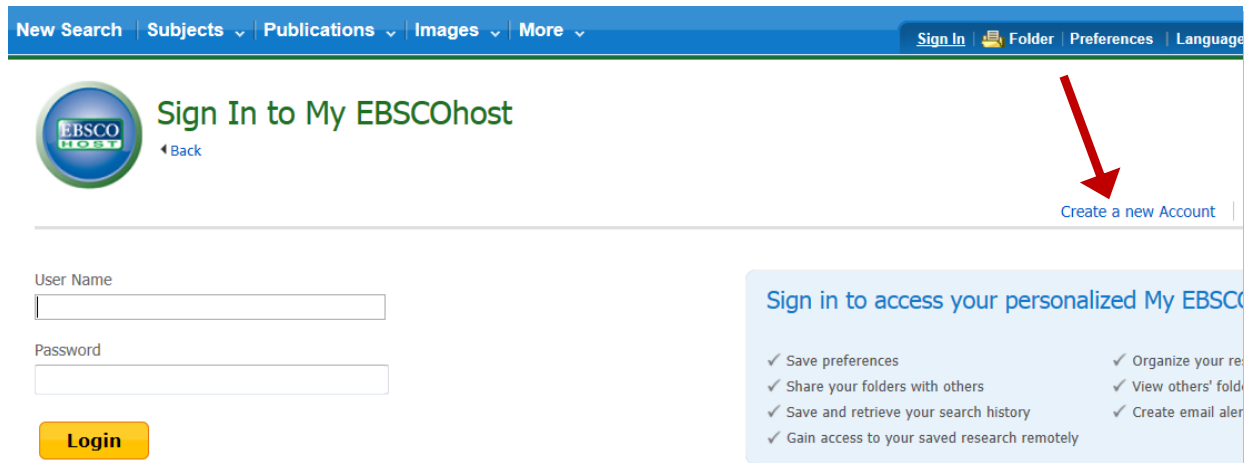

### TASK: Search EBSCO, Open an Account, Save in Folder and Retrieve

#### 1. OPEN AN EBSCO Account

Log onto EBSCO site – for remote access, user name “Newark”, password “schools”. Do your search and get an articles grab your interest. Notice three tags on the page, “Add to folder”, “Folder” and “Sign In”. See below.

Click on the tag “Folder”, then choose “Create a new Account” tag on next screen.

Create your account and record your user name and password below. **The library teacher will check it before the period ends.**

My EBSCO account: User name \_\_\_\_\_ Password \_\_\_\_\_

**2. Save your searched result** in to your folder, log out and log-in back and retrieve it.

**3. Now, turn the page over, record** two of your saved resources on to the “Data Base Search Record Sheet”.
