Avoid Summer Slide

Research tells us that students need to read during the summer to maintain their independent reading levels. In the fall, the impact of a student not having read during the summer months, combined with the fact that many of his or her new classmates did read during the summer, may result in a reading ability gap that could potentially widen each year, making it difficult for students to keep up with grade level reading expectations.

SCHOOL BEGINS ON SEPTEMBER 3, 2019

First Grade Summer Reading

The summer is here! Day trips to the beach, family cookouts in the back yard, and long afternoons in the park are just a few examples of how we celebrate the warm weather and extra free time. In addition to spending some much needed time outdoors, be sure to provide opportunities for **READING**. Opening up a book stimulates the imagination, provides new ideas for summer time fun and ensures that the child continues to practice the skills that he/she worked hard to master over the school year.

For the following assignment, Students may read the books they brought home from My Very Own Library or another book of their choosing. Each week, after reading, students should complete at least three of the activities below in a notebook. Also attached is additional list of suggested books for your child's grade level. Happy Reading!

Read a non-fiction book. What is the topic? List 3 things you learned	Read a book with someone. Draw a picture and write 3 sentences about your favorite part.	Read a book with someone. Find a word you've never heard. Copy it down and write what you think it means.	Read a book with someone. Draw a picture and write 3 or more sentences retelling the beginning, middle and ending.
Read a book with someone. Write and draw about how this story reminds you of another book you've read.	Make a story map that includes the title, names of the characters, setting, problem, and solution of a story your read	Read a book with someone.
