

Pre-K4

Summer Packet

2020-2021

Dear Pre-School parents,

The Pre-K 4 teachers are excited to meet you. We have put together some activities and books to read during the summer. Enclosed in the packet is a calendar with daily activities so you may practice and continue to learn over the summer break.

Parents, please have your child complete the assignments in a notebook.

The notebooks will be collected on the first day of school in September.

We look forward to reviewing the notebook and seeing all of the math, science and literacy work you completed. Have a great summer and see you soon!

Sincerely,

Pre- K 4 Teachers

# High Frequency Words/Sight Words

- High Frequency words/sight words are words which are used many times each day and that the students practiced daily.
- Often these words cannot be decoded.
- Helps children read unfamiliar words and read fluently.
- Children who know sight words read with more comprehension. It is important for them to continue to practice the recognition of these sight words frequently.
