Meet Ridge Street School's Parent Liaison

My name is Jacqueline Rodriguez and I am Ridge Street School's Parent Liaison. I am very excited to begin this journey with you; working together so that you may become a partner in your child's academic success.

This is my 1st year at Ridge Street and I have found that our parents have so much to teach and offer. It is my promise to work with you so that we can help your child reach their academic goals and succeed this school year. I have an open door policy and will be glad to assist you with any questions or concerns that you might have.

As your Liaison, my goals are to **motivate**, **educate**, and **assist** you. Please feel free to contact me by contacting the school office at: 973-268-5122.

I believe that parents:

- have dreams for their children and want the best for them.
- have the capacity to support their children's learning.
- and school staff should be equal partners in their students' academic success.

Adapted from Karen L. Mapp

Parents are teachers too!

Please fill out a parent volunteer survey. This will help me in planning workshops for you, communicating with you about school events, volunteer opportunities, etc...

What you should know to have a successful school year...

Attendance is vital for academic success- Our school ours are 8:25am- 2:55pm. Please have your students here on time.

School Uniforms must be worn every day- Our colors are Royal blue tops and Khaki bottoms. (See me if you need to know where to buy your uniforms).

Lunch Applications need to be filled out- Every student whether eating school lunch or not has to have a lunch application on file. (See me to help you fill out an application if you haven't done so).

Communication is key- Please make sure we always have your most up to date emergency contacts and form of communicating with you. This is vital for school closings, emergencies, and sharing important information on your child's academic success.
