A Free Overview of Autism Spectrum Disorder

Join us for this helpful series designed for families of children who have recently received a diagnosis of Autism Spectrum Disorder (ASD). We will explore ASD and co-occurring diagnoses, communication, behavior and medication management, social skills, sensory dysregulation and other matters experienced by families. This series also seek to provide a platform for caregivers and professionals to share concerns and offer support. You are welcome to join us if you care for someone with another diagnosis. You may find this series helpful. Registration is required for any session you wish to attend. Click on the title(s) below:
