

Special Needs Registry for Newark Residents

The Newark Department of Public Safety would like to better serve the needs of individuals with special needs. NJ Registry Ready is a statewide database that gives residents with disabilities and their caregivers an opportunity to provide information that can assist them in the event of any emergency.

Registering yourself or a loved one with special needs will enhance the communication and response skills of Newark Police, Firefighters, Emergency Services workers and others who may interact with an individual with special needs.

Kindly visit NJ Register Ready at: www.registerready.nj.gov or dial 211 within NJ or 1-877-652-1148 to provide your information.

Who should register?

Newark residents and frequent visitors who are diagnosed with Autism Spectrum Disorder, Alzheimer's or Dementia, Bipolar Disorder, Down Syndrome or other neurological or physical disabilities should register.

Parents and caregivers may enroll a person of any age. Adults with special needs may enroll themselves.

This information will remain strictly confidential.
